## Las Ritualidades solares de TPS para el año 2023

(Desde el solsticio de diciembre del 2022 hasta el solsticio del 2023)

La *Siembra solar* de TPS<sup>1</sup> tiene la intención de seguir, «con un respiro unido y un ritmo unificado», las pulsaciones [cíclicas causales y causantes](#) de los Entes creadores superiores —planetarios, solares y cósmicos— a fin de construir el Futuro por medio de [la imaginación creadora colectiva](#). El *Sueño* de unas [Nuevas Cultura y Civilización](#), nutridas particularmente en los últimos siete años (5.º septenio: 2015-2021), ahora se orienta hacia una **Nueva Religión mundial** (la Meta primaria y el tema del actual 6.º septenio 2022-2028)<sup>2</sup>, al Servicio del [Plan](#) general de *Evolución* y del nuevo [Orden planetario humano](#) (consultar también el documento [Afirmar el Plan Planetario](#)).

En particular, dirigir la *siembra de las Formas* futuras a los encuentros de los *Formuladores celestes ideales* coadyuva la precipitación armoniosa de sus energías, de las *Ideas*, las potencias causales de todas las cosas, de acuerdo con el Orden de sus [Siete Rayos](#).

«La sustancia del Fuego del Espacio guía la conciencia humana. Si se admite que incluso los rayos de la luna favorecen el crecimiento de las plantas y afectan los objetos inanimados, se puede dar un paso más y admitir la virtud creadora de los rayos en general. Ciertamente, el Sol —el dador de vida— satura todo el Universo; pero el conocimiento de que los rayos que fluyen confieren una energía consciente, hará posible los logros más ígneos. El Cosmos impone una uniformidad de tendencia a todo. Cuando sea capaz de percibir las vibraciones de las corrientes, la humanidad descubrirá las múltiples transmisiones radiantes. Así es como el Universo otorga sus tesoros, y es inevitable que se materialicen. Debe aceptarse su aplicación espiritual, así como el admirable y poderoso impulso. La creación cósmica se apoya en los fundamentos del espíritu. Los descubrimientos ocurren cuando se produce una fusión armoniosa con un rayo cósmico. Los rayos de elementos heterogéneos aportan inmensas revelaciones al hombre.» (*Infinito II*, § 11, Agni Yoga)

A partir del año pasado, el **6.1**, *el primer año del sexto septenio*, en concomitancia con la energía del *Sexto Rayo del Idealismo abstracto*<sup>3</sup>, el [Taller del Pensamiento](#) y la *Siembra* de TPS tienden a asumir esta cualidad reunificadora, sintética, con capacidad de abstraer, hacia la Esencia, que es propia del Mundo de las Ideas o de las Causas, invocando y evocando los valores y los ideales de unas nuevas Cultura y Civilización y una nueva Religión mundial.

«El poder unificador del **6**, sin obstaculizar la fuerza ascendente de las Ideas y sus producciones, garantiza la unidad del todo y, por lo tanto, el acceso a cualquiera de ellas. (...)

El Mundo de las Ideas =  
*mundo de los Intervalos,*  
*mundo del Alma,*  
*conciencia libre,*  
*nivel intuitivo,*  
*infinito,*

armonía lograda,  
 esencialidad,  
 comunión universal.» (De [Le Mete Lontane](#), Meta 6.3)

Por medio de las Enseñanzas esotéricas, sabemos que la Evolución procede y converge —en la emergente *Edad de Acuario*— hacia la Idea primigenia y la realización consciente de la **Hermanidad** universal, hacia la [Comunión](#) entre los mundos, hacia *el mundo del Alma*; todos estos constituyen los fundamentos de la *Nueva Religión mundial* y de su Verdad esencial, a saber, la Unidad del Todo.

En particular, en el «**Año 6.2: Espacio. Infinito. Bases de la Nueva Religión**», la energía reunificadora del 6.º Rayo se combina con la energía principal del 2.º Rayo de Amor-Sabiduría; por esta razón esta Idea, o la Realidad suprema de Amor infinito y espacial, se convierte —y es— nuestro *Imán* y *Motivo* primario, nuestro *Maestro del Corazón*.

Según la Tradición sapiencial, sus *Agentes de transmisión* o Símbolos vivos son, el *Cristo* y la *Madre del Mundo*, las dos «alas» del avance del Corazón hacia la realización de la Unidad del Todo.

Por lo tanto, *al amor que mueve el sol y las demás estrellas, y a sus sagrados Custodios*, van dirigidas nuestras mirada y sonrisa; y en este respiro infinito anunciamos y preparamos la Meta primaria **6.6** (que es simétrica de la **6.2**), orientados por el centro sacro de estas, la cumbre del **2025, Meta 6.4**, la Fecha crucial para el destino del Planeta y de la Exteriorización de la [Jerarquía](#).

\*

En conformidad entre lo alto y lo bajo, las simientes de la Nueva Religión *ideal* son dirigidas desde y hacia los Poderes creadores y psicogeométricos del Sistema Solar y del cósmico, a fin de establecer —a imitación de los constructores de los alineamientos megalíticos y de los templos sagrados— *canales vitales para el cumplimiento benéfico de la Obra*.

Una vez que se hayan puesto los cimientos en los *Campos Elíseos*, una vez que la Obra esté conectada y orientada a las Fuentes de la Vida, su realización seguirá a su debido tiempo, dependiendo de la progresiva *potencia de resonancia* de «nosotros, la humanidad», resonancia a las energías o Ideas celestes, al *Mundo del Fuego*.

Con esta actitud humilde —humilde en cuanto a que nos adherimos al servicio de la Tierra al Cielo, *ardientes* de ignorancia y gozosos por la dedicación—, trabajamos como si fuéramos *constructores del Futuro*, como *unidades de vida* activas del Sistema Solar y del Espacio infinito, como criaturas impulsadas por la imparable voluntad de cooperar armónicamente con el macrocosmos y el Supramundo.

«Lo que está bien orientado es el Camino.»

<sup>1</sup> A fin de adentrarse más en el sentido y significado, y asimismo en la importancia, de la **coordinación rítmica** entre las [Señales del Cielo](#) y la Siembra de TPS de las *Ideas, Fórmulas y Formas para unas nuevas Cultura y Civilización*, véase los documentos y artículos presentados en los últimos años en la “[Dirección de Trabajo](#)” llamada [Ritualidad](#) en la página de [Documentos](#), en la 7.ª sección, “Ordenamiento”.

<sup>2</sup> En el actual Ciclo de construcción, o la primera etapa de **49 años (1987-2035)** del [Plan planetario de 49 Metas](#), Metas que han sido deducidas de las Enseñanzas Ocultas y previstas para el avance evolutivo y consciente de la humanidad y del planeta en el actual tercer milenio, el año **2023** corresponde a la etapa **6.2, Espacio. Infinito. Bases de la nueva Religión** (cada año toca a la afirmación de la Meta correspondiente y a su siembra en la conciencia del grupo humano).

<sup>4</sup> «La literatura y la cultura de todo Occidente (...) comienzan por el primer verso de la *Ilíada*, invocando a la Musa; por lo tanto, al principio está la voz más elevada y sagrada de la *mousiké*. (...) Su importancia en el orden cósmico es esencial; ella cumple la magnífica gloria de la obra divina de la creación y representa su alma (...). Las Musas ocupan un lugar muy elevado, de hecho único, en la jerarquía divina. Se las llama hijas de Zeus, nacidas de Mnemosyne, la Diosa de la memoria. Pero eso no es todo, ya que a ellas, y solo a ellas, les está reservado llevar, como el propio padre de los dioses, el apelativo de *olímpicas*, un apelativo con el que se solía honrar a los dioses en general, pero —al menos originalmente— a ningún dios en particular, a excepción de Zeus y las Musas.» (“*Le Muse. E l'origine divina della parola e del canto*”, Walter Friedrich Otto, 2014, Fazi editore; libro solo en italiano)

<sup>5</sup> La última columna de las Efemérides muestra las “**49 Afirmaciones del Plan**” —es decir, la Siembra diaria de las [49 Fórmulas del Plan, orientadas al año 2025](#), que fueron inauguradas por la [conjunción heliocéntrica de Júpiter-Saturno](#) el **2 de noviembre del 2020** en Acuario (por primera vez en *el Signo de la Nueva Era* desde el Renacimiento). El solsticio del **21 de diciembre del 2022**, el impulso inicial del **Año 6.2**, se inaugura con la **Fórmula 5.1** del 16.º ciclo de [49 días + 1 sintético](#) (dedicado a la Fórmula General: **0/0 El Orden Planetario afirma el Plan de Amor y de Luz**), y así sucesivamente durante todo el año 2023.
