

Trabajo subjetivo del Prototipo de un Orden Planetario (POP)

Este documento presenta el *Trabajo subjetivo del Prototipo de un Orden Planetario* (POP), a saber, la *Meditación interior y rítmica* de un Grupo armónico de conciencias que *sueña* y experimenta en sí mismo el *Prototipo de una Humanidad jerárquica*:

- en lo Alto, *imitamos* el Modelo septenario de la Jerarquía universal (*Siete Rayos*) presentado por la Tradición esotérica transhimalayana, pulsando y vibrando en el Plano solar a través de los señales y ritmos del Cielo;

- en lo Bajo, afirmamos la estructura del Sistema Solar o la matriz en forma de Lambdoma de la *primera formulación humana del Plan planetario*, o la intuición creadora, según la Ciencia de la Armonía, de sus **49 Metas y Funciones** (ver el texto *Afirmar el Plan planetario*).

El Lambdoma 7x7 con 49 Metas o Vórtices se *entifica* por el Grupo-Prototipo a través de 42 Funciones que sirven a las 7 Metas centrales previstas por el Plan jerárquico.

Los Funcionarios o Vértices de este *Prototipo de un Orden planetario humano* son así llamados al Trabajo causal de afirmación del *Plan de Amor y de Luz* en la Tierra (desde el plano causal o abstracto de la mente, donde viven y construyen los *Grupos egóicos*, la *Conciencia de Grupo* o Alma humana), preparando una Acción de “impresión sintética”, según una jerarquía de correspondencias entre las señales del Cielo, las *estructuras del Sistema Solar* y las *Fórmulas ideales*.

Este Trabajo de **Afirmación** en el «aquí y ahora» y de **Activación** rítmica de las *49 Energías causales del Plan de la Evolución* sigue la Ritualidad celeste según los dos Alientos o Ciclos del Logos al frente de nuestro planeta, el Día y el Año, su rotación y revolución simultáneas sobre el Plano común de la Eclíptica solar.

La Acción individual *consciente y rítmica*, simultánea a la Acción común grupal, está llamada y destinada a sincronizar y evolucionar de manera cada vez más *coordinada* con los Ritmos mayores, ya sean los de un Grupo egóico, los de la Jerarquía planetaria o los del Logos planetario, solar, cósmico y universal.

Como Grupo, una parte del *Orden del único Servidor planetario*, podemos ayudar a los Pensadores superiores a sustanciar el Plan de Amor y Luz en la Tierra:

«(...) *En el plano físico, la rotación en espiral es la base de la acumulación de la sustancia, y el pensamiento también actúa del mismo modo. Desde las cumbres más altas hasta el caos, el Espacio se intensifica gracias a las espirales de la conciencia. El pensamiento en espiral se transforma en sustancia e impregna todo el Cosmos. Este proceso debe ser comprendido y reconocido. Es como una fusión que siempre proporciona nueva sustancia, ya que el pensamiento es inagotable. Muchos beneficios se acumularían en la Tierra si se comprendiera la sustancialidad del pensamiento. (...)*»
(Mundo del Fuego I, § 646)

Por tanto, estamos orientados a *construir conscientemente* el Futuro, a aprender y aplicar el arte de componer las causas en el plano superior de la Mente para fomentar la realización de unas nuevas Cultura, Religión y Orden panhumanos en la Tierra.

“Como si” nos **identificamos** con los Constructores superiores, siguiéndolos «en respiro unido y ritmo unificado», hasta que, a su debido tiempo, nuestra Conciencia sea *jerárquica*, es decir, capaz de *cooperar de forma coordinada o en el Sistema Solar con el Propósito de la Evolución*.

«El que está bien orientado es el Camino.»

A continuación se presenta un índice y un resumen de los distintos **niveles de trabajo de la Siembra** identificados para la Acción común de Impresión:

- * Las representaciones creadoras de las 7 Metas centrales (1.1, 2.2, 3.3...) introducen los 6 Vórtices de igual Rayo (1.1 Restablecimiento de los Misterios para 1.2, 1.3, 1.4, 1.5, 1.6 y 1.7; etc.).
- * En las Tabulaciones de cada Vórtice/Vértice, debajo del Simbolo della Meta y de los Símbolos de la Relación número/Intervalo y del «Oficio» del Funcionario, aparece la tabla de correspondencias según 3 niveles de trabajo:
- * En el primer nivel, el de las **Cruces**¹, las 2 energías o **Ideas de Rayo** del Vórtice son afirmadas cada día por el Funcionario y particularmente activadas en los días de alineación con las dos **Estrellas/Constelaciones** relacionadas –
- * En el segundo nivel, el de la **Polaridad del Vórtice** de la Tabla del Plan, las Metas simétricas del Intervalo son afirmadas con las **Fórmulas**² relativas junto con las de las Metas centrales (por ejemplo, para 6.4-4.6, también 4.4 y 6.6); en particular, se activan cuando las dos **Luminarias de Rayo** relativas (sagrado o no sagrado) se unen heliocéntricamente, es decir, trazan una dirección primaria y causal con respecto al Sol central y al Zodíaco³ –
- * En el tercer nivel se encuentra la Simiente del Vórtice, como Canto o Acción mágica que forma parte del Coro del Sistema Solar.

* * *

¹ La **Cruz** es la estructura máxima del Sistema Solar que irradia en el Espacio a través de 12 Vórtices, el poder del Rayo transmitido desde uno de los Siete Centros mayores o Metas del Eje central de los unisoni: los 12 Vórtices con el Número **1**, por ejemplo, irradian el Centro y Meta **1.1**, los 12 Vórtices con el número **2** irradian el **2.2** ...; por lo tanto, cada «Vértice» pertenece a dos Cruces simultáneamente. Este nivel energético más elevado de la Construcción sonora corresponde al plano cósmico del Cielo; por lo tanto, para nosotros a las alineaciones terreo-solares en el plano de la eclíptica solar con los Fuegos celestes de las Estrellas y Constelaciones.

² Una *Fórmula ideal* es una asociación de *Ideas* o Energías puras; mientras que estas viven y pulsan en el 4º plano *búdico*, «pensadas» y vivificadas por los Creadores planetarios, solares o cósmicos, las Fórmulas se sitúan en el 5º plano *manásico* y pueden ser intuitas a través de la Mente abstracta o superior, la «sustancia energética» del *Alma humana* (ver texto “La Manifestación”).

³ Si no hay conjunciones con las Luminarias “lentas” en el año en curso, las direcciones se celebran con las Luminarias “no sagradas” correspondientes: “Sol”, 2º Rayo para Júpiter; Tierra 3º Rayo para Saturno, Marte 6º R. para Neptuno; mientras que Plutón 1º R. representa a Vulcano, el *Corazón del Sol* en el centro del Sistema Solar - véase *Introducción a la Astrofísica* y para todos los *signos del Cielo* véanse los textos anuales *Ritualidad Solar* y *Efemérides* en la página Documentos de TPS, 7º sector 'Ordenamiento'.

<p>Seed</p>	<p>I am the first Octave. I embrace the common Good and face the Infinite in its Name. In my deep love, two currents emerge leading to two Goals: the Restoration of the Mysteries and the Return of Christ, another Mystery that will make them live again. I am solitary, but not separated. I am the Cross, the eternal way going from TWO to ONE.</p>

I project outwardly directed Rays from all Centres. A brilliant radiation ensues. The two weavings alternate without cancelling each other. A rhythmic pulsation results between the ONE and the MANY. Seed

I am the rule of Art, tacit yet operative.
 I combine diversities into a single Entity, in the joy of multiplicity that rediscovers the One.
 I progress via constantly wider and higher units;
 none of them denies itself, yet all contribute to building a living System.
 This is my project of government.

<p>Seed</p>	<p>I learn from the Triangle at the centre. From its vertices, spheres of knowledge are spreading around; they contain wills, geometries, projects and rhythms. The Space obeys, arranges its qualities, and accepts the directives, surrendering to the will of giving. And It remains unitary. I learn from the Master who lives in the heart and impress directions in the Infinite. In this way, I project education.</p>

<p>Seed</p>	<p>The star of creation shines where forms are born. It manifests things, and itself. It has the task of uniting the lesser to the greater part, and this one to the whole. Thus it differentiates between this and that, yet not separating them. It transforms the sublime into the concrete without extinguishing that Fire. Below the Star, creatures vibrate. Above the Star, a rainbow, a bridge of Heaven, is burning.</p>

<p>Seed</p>	<p>The exchanges between above and below are possible if the lower reflects the higher and manages to contain its reflection. The forms not meeting this condition are in disarray and confused. They are really non-forms. They do not have any existential value. However, if they are correct they are right and in themselves reinstate the one. My project of expression is in this rule.</p>
